CONTACT US

EQUALITY has two meanings,
Excellent quality and **Equality among all employees.**

EQUALITY Co. aims to provide equipment to the customer pursuing the best quality, to maintain the principle of equality among the employees to live well together.

We strive to become a company specializing in whole equipment for research and experimentation in **ceramic, chemical, pharmaceutical and materials fields** and pilot plant facilities.

We supports development and testing application technologies for equipment used in existing university laboratories and corporate laboratories.

And through this, we will surely supply the best equipment for various experiments to the customer!

Qualified Products

Qualified and reliable products both in domestic and overseas market.

Wide Customer Range

Various customer contact points in variety of market and industrial field.

{The Best Sales Platform}

in Laboratory & Industrial Machinery field in Korea

Skillful and experienced employees

Man Power

International Capability

*Import and export specialists,
Cooperation with international partners*

PRODUCTS OVERVIEW

EQUALITY Co. is dealing with whole **laboratory and industrial equipment** for-
MIXING, DISPERSING and **MILLING** samples.

PASTE TYPE

3 roll mill

Paste mixer

Paste syringe charger

DRY TYPE

Air Dry Mill

Disk mill

Powder mixer(50L)

Powder mixer(300cc)

WET TYPE

KM mill

Bead mill

Basket mill

ANALYSIS & OTHERS

Particle size analyzer

Mini-SEM

Lab-equipment

* Please refer to our general catalog for specific information

APPLICATION

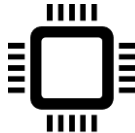

EQUALITY Co. contacts customers who in variety of industrial fields such as,

Display

Automobile

Semiconductor

Battery

Chemicals

Mining

Paint&Coating

Pharmaceutical

Cosmetics

Laboratory

Factory

University

As we are dealing with basic and essential equipment in material processing,
We keep exploring various clients in tremendous industry!

SALES STRATEGY

Counselling

Visiting customer side for meeting

Recommending suitable equipment for the application.

Operating demo test room
(Whole demo machines equipped)

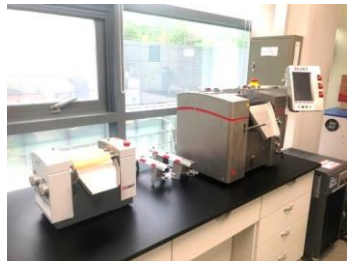

Wide-Sales channel

Participating exhibition
(7 to 10 times/a year)

Direct contact

Web-site, Blog, Youtube

Technical capability

Maintenance & repairing
service
(Skilled & experienced engineers)

Product customizing
(for domestic products)

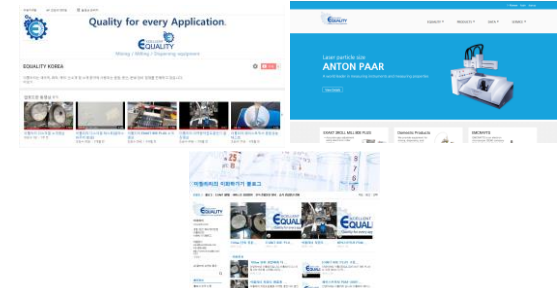

Reserch

Exploring new items
(matching customer's requirements)

Visiting exhibition
(Local/Int'l)

Documentation of test applications

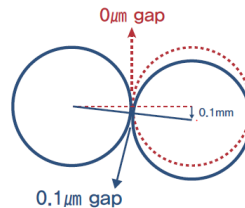

Three Roll Mill

Equipment for **dispersing paste samples** using **shear force** between rollers generated by rotating the three rollers in different directions.

KRM-50B

- ✓ *Control 0.1mm to adjust 0.1μm gap size*
- ✓ *High resolution gap adjustment*
- ✓ *Easy visible gap size displayed*

New type gap adjustment

LCD display

Various roller material

PRODUCTS

PASTE MIXER / INTER MIXER

Paste mixer/Inter mixer is using planetary rotation and revolution to mix and defoam the sample cleanly and quickly without impeller. High capacity equipment capable to produce up to 20kg. Dedicated adapter for customer's own container and vial

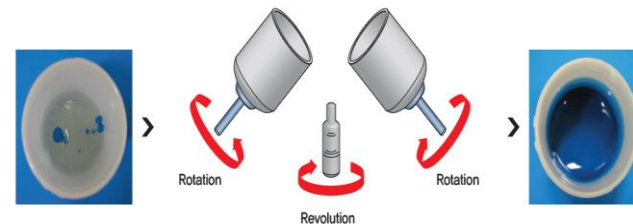

PDM-300V

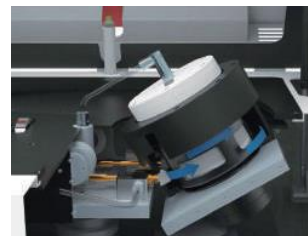

IMX-500CV

PDM-20KV

Centrifugal rotation of paste mixer/inter mixer.

Cooling sample function for Inter mixer

Wireless temp. sensor/Display

Adapter customizing

* Please refer to our general catalog for specific information

SYRINGE CHARGER

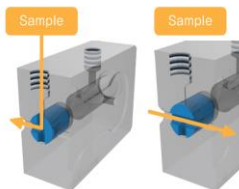

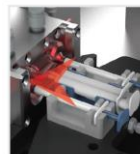

For charging paste samples into packaging syringe.
Possible to charge both low and high viscosity sample.
Throttle valve type and Screw extruding type

For low viscosity samples(Throttle type)

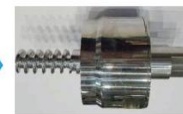

● Throttle method

For high viscosity samples(Screw type)

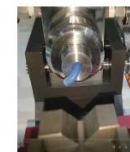

1Step : Pressing

2Step : Screw Extruding

3Step : Charging

Dental Material Paste Charging (Viscosity : About 1,000,000cps)

* Please refer to our general catalog for specific information

PRODUCTS

POWDER MIXER / Air Dry Mill / DISK MILL / JET MILL

Dry type processing equipment for mixing and milling of powdery samples.

Air Dry Mill(ADM-5)

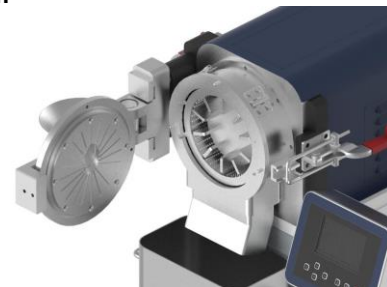

Powder mixer

Air Jet Mill

Disk mill

* Please refer to our general catalog for specific information

KM MILL / SUPER MILL / ATTRITION MILL / BASKET MILL

Wet type processing equipment for mixing and dispersing of slurry, liquid samples.

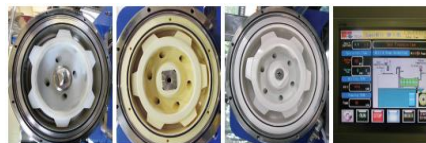

KM Mill

01 Separator Gap
02 Screen
03 Seal pot

Super mill

UH-PE ROTOR

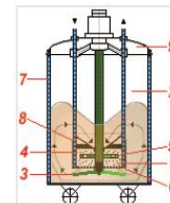

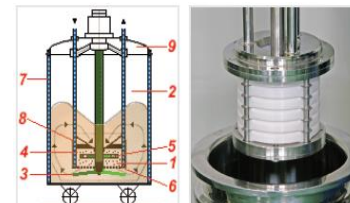

Alumina ROTOR

Zirconia ROTOR

Touch Screen

Basket mill

* Please refer to our general catalog for specific information

Particle size analyzer / Table-top type SEM

We offer Particle size analyzer and SEM for analyzing equipment after the production as below.

PSA 1090

CUBE II

* Please refer to our general catalog for specific information

Rotary evaporator / Ultrasonic disperser / Basic lab equipment

You can meet other various equipment for mixing/dispersion/milling etc.

BANDELIN

SONOPULS HD 4050

DLAB

MS7-H550-Pro

heidolph
research made easy

Overhead Stirrer

Rotary evaporator

* Please refer to our general catalog for specific information

CLIENTS LIST

Electronics / Materials

Chemicals

Pharmaceuticals & Cosmetics

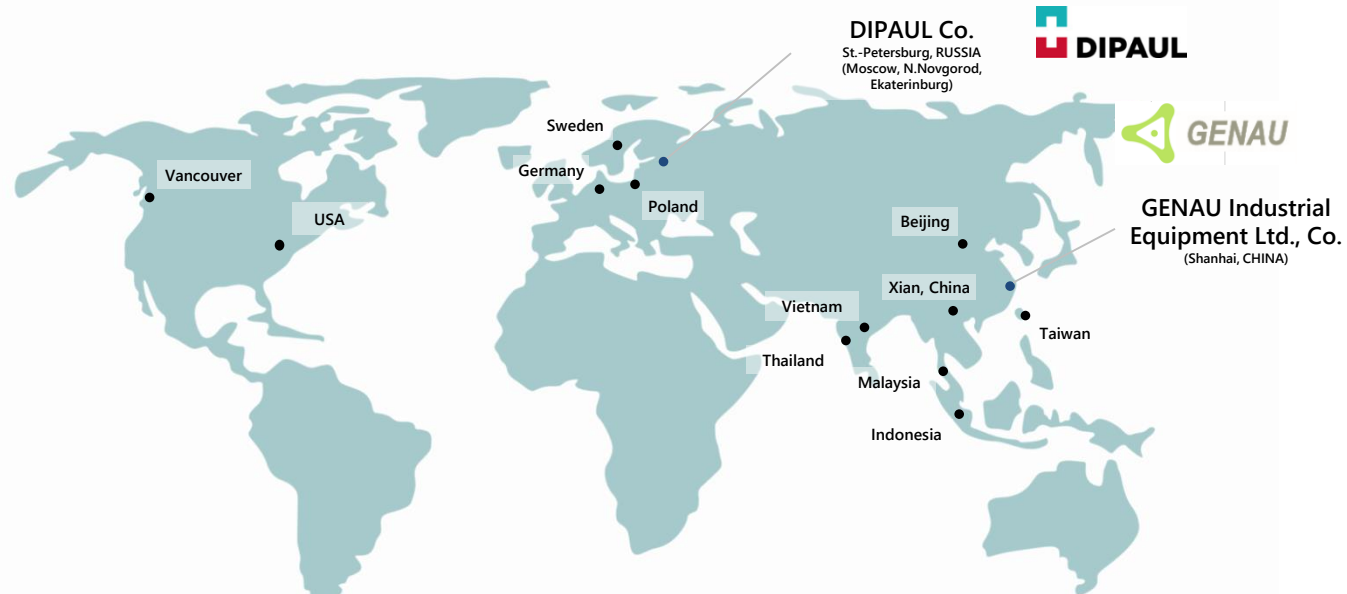

Universities & Others

INTERNATIONAL PARTNERS

EQUALITY Co. is engaged in the import/export of industrial equipment and sales marketing based on its excellent technology and overseas sales capability.

- Overseas manufacturer partnership
- Overseas sales distributor partnership
- Other overseas sales/marketing point

ADDRESSES
