

IP Interior Purifier PRO

Purifying Treatment in Aerosol Can for Interiors - Disinfectant registered in Germany (N° 69547)

Product description

INTERIOR PURIFIER PRO is a purifying treatment for interiors and surfaces. It removes contaminants and particles leaving a pleasant fragrance. Wear gloves, protective goggles and face mask to purify rooms maximum sized 70 m² - 160 m³ (houses, offices, shops, restaurants, cinema, classrooms, canteens) or up to 3 cockpits (vehicles, buses, emergency vehicles, vans, train and tube wagons, aircraft cabins etc) in just 30 seconds and with a simple gesture. The powerful jet of the 600 ml aerosol can, sprays 20 ml / second. With this power, the air is completely saturated within 30 seconds allowing the molecules to evenly spread in all the surfaces. With only 10 minutes of deposit time, INTERIOR PURIFIER PRO will have complete the sanitization process. It is recommended to keep a distance of at least 1.5 meters from surfaces, objects and walls while spraying. Do not breathe the product during the treatment. It is necessary to ventilate the room before permanently entering in. INTERIOR PURIFIER PRO is a product suitable for the HACCP plan.
