

## **SWINGABLE SIDE BELT « DELECROIX »**

### **Key benefits :**

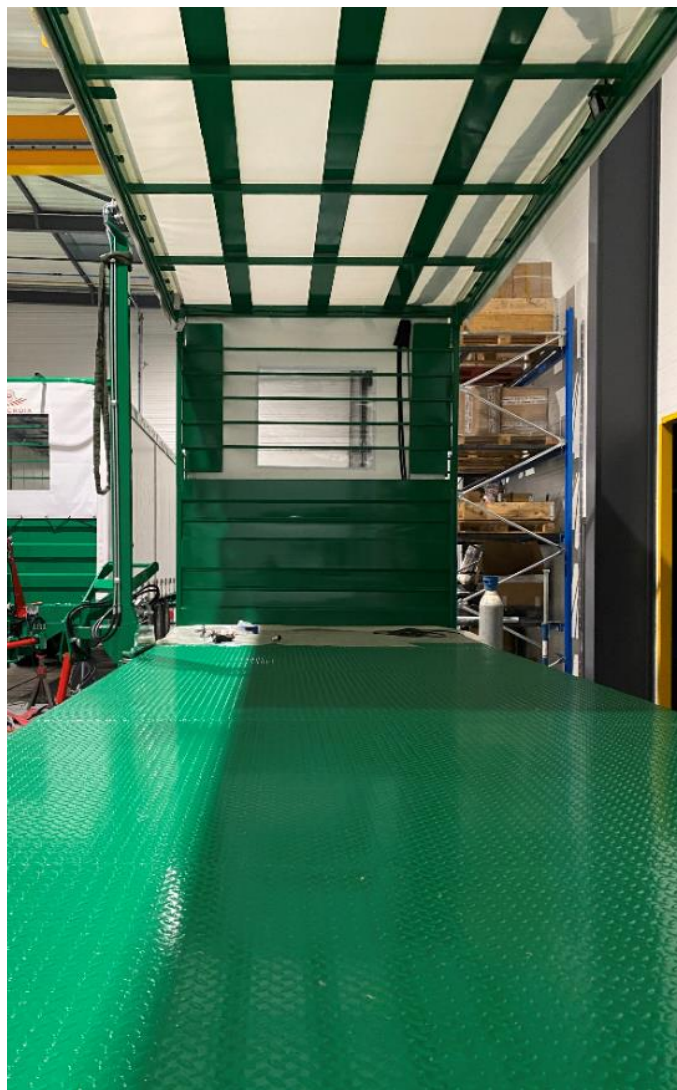

- Harvests in palox or crates
- 2 rows of palox with the mast option with hydraulic movement
- All the tray area is also free
- Optimum budget : the side belt is less expansive than the foldable belt
- Modular band conveyor keeping the food quality
- No more in rows trampling
- Progress of the whole group at the same time
- The rapidity of the harvest double with half bad working conditions

Swingable side belt for palox with a sliding mast for hydraulic movement
