

Multipurpose Agricultural Tractor

COMPACT MULTIPURPOSE TRACTOR

Bawoo Company Corp.

www.cowloader.co.kr
www.bawoocompany.co.kr

Established in 1990, We, Bawoo company corp.,
are one of prominent and fast growing manufacturer
of the finest quality range of Agricultural Tractor,
Construction Equipments.

KOMODO

CARABAO

RHINO

LION

POWER, COMFORT, VERSATILE, RELIABLE, AFFORDOABLE.

WE BUILD TOUGH!

Powerful tractors in varried conditions.

A reliable machine built to meet customer's expectations.

You can select any model of tractor according to your working condition.

Bawoo has total equipment solution what you need to work your best.

Count on Bawoo mini tractors for cost effective solution on undulating, uneven terrain and loose sand areas.

 **Tiger**

 **BELUGA**

 **JAGUAR**

 **TARUCA**

KOMODO

Count on KOMODO for cost effective solution to handle with all kind of materials.
A Multipurpose tractor designed to perform in all terrain.

Beside carrying FFB, Komodo can be used to carry other things such as herbicide and fertilizer application. Komodo are equipped with PTO for implements. Powered by 11HP water cooled diesel engine and synchromesh transmission to perform better at oil palm planation.

When the trailer is full, the FFB can be unloaded by pulling a lever to tip the bucket.

Heavy duty chassis offers increased stability and a smooth ride on rough terrain.

Komodo is not only useful for smallholders but also for workers in the plantation sector.

It is not confined to FFB collection but can be used for other purposes, at agricultural or industrial.

Central oscillation pivot is good for excellent maneuverability.

Komodo is economic and practical compact tractor.

SPECIFICATION

Rated Operating Capacity	700kg
Operating Weight	650kg(2WD)/680kg(4WD)
Engine	Water cooled bawoo 11HP
Drive	2WD/4WD
Transmission	3 FW & 1RV
Drive	Low & High Gear
Frame	Central Oscillation Pivot
Dump height	1064mm
Travel Speed	14.1km/h (3rd Gear)
Implements attachment	Fertilizer spreader and pesticide sprayer

CARABAO

Innovation and technology for oil palm at narrow terraces.

A multipurpose concept to make the mini tractor more versatile

Grabber implement is affordable and could assist smallholders to lighten their field activities.

Equipped with a 11HP engine, CARABAO is able to carry 350kg load without any problem.

CARABAO is fitted with a scissors lift bin with a lifting height of 2170mm

The grabber holds the FFB then unload directly into a waiting lorry or any mainline transport, by operating the scissors lift bin.

4WD/4WS system offers minimized turning radius. CARABAO single chassis with four low-pressure tyres provides good maneuverability in palm rows, narrow terraces, undulating terrain and soggy areas.

SPECIFICATION

Rated Operating Capacity	500kg
Operating Weight	1480kg
Engine	Water cooled bawoo 11HP
Drive	4WD/4WS
Transmission	3 FW & 1RV
Drive	Low & High Gear
Frame	Central Oscillation Pivot
Dump height	2170mm (with lift)
Travel Speed	13.0km/h (3rd Gear)
Implements attachment	Fertilizer spreader and pesticide sprayer

RHYNO

*A multipurpose tractor designed
to perform in all types of industry.*

The compact tractor only BAWOO could build.
with power steering, 4 wheel steering, flotation tire
and powerful Kubota 18.8HP engine is easier to move
at a slope, hilly area, soggy area and undulating terrain.

RHYNO is meant to help operator carry out their tasks
more easily and to lessen their arduous task, to increase
their productivity.
4WD/4WS, Strong ability drive performance, Hydraulic self
dump box offers to reduce the work time.

SPECIFICATION

Rated Operating Capacity	1000kg
Operating Weight	1170kg
Engine	Kubota 18.8HP / 3200rpm
Drive	4WD*4WS
Steering	Power Steering
Transmission	4 Speed Synchromesh with 3 FW & 1RV
Drive	4WD and Low & High Gear
Frame	Central Oscillation Pivot
Travel Speed	18.0km/h (3rd gear)
Dump height	1192mm

* Specification and design are subject to change without notice.

LION

Lion 4x4 is a beastly go-anywhere compact tractor with mounted scissors lift dump box. Innovation solution for a farm, a garden, an orchard.

With power steering, 4 wheel steering, flotation tire, hydraulic operated scissors lift dump box and powerful Kubota 18.8HP engine is easier to move at a slope, hilly area, soggy area and undulating terrain.

4 wheel, fully independent, suspension and flotation tire offers increased stability and an exceptional smooth ride on even rough terrain. Lion is equipped with low ground pressure (LGP) tyres, soil damage is reduced and it can also operate in a matured peat area.

Lion minimized rotating radius with 4 wheel drive.

SPECIFICATION

Rated Operating Capacity	1000kg
Operating Weight	1400kg
Engine	Kubota 18.8HP / 3200rpm
Drive	4WD*4WS
Steering	Power Steering
Transmission	4 Speed Synchromesh with 3 FW & 1RV
Drive	4WD and Low & High Gear
Frame	Central Oscillation Pivot
Travel Speed	18.0km/h (3rd gear)
Dump height	2336mm (with lift)

* Specification and design are subject to change without notice.

TIGER

Compact tractor mounted grabber have a wide range of applications and add power and efficiency to many industries.

Construction, Tree care, Private and municipal waste, Forestry, Municipal public works, Disaster recovery. Tiger expands tractor productivity because a scissor lift dump box with a grabber can handle almost anything - from palm oil fruits to logs. Get more from your tractor with Bawoo grabber. Tiger are designed to perform and built to last.

18.8HP water-cooled Kubota engine, 4 wheel, fully independent, suspension offers increased stability and an exceptional smooth ride on rough terrain.

Minimized rotating radius with 4 wheel drive and 4 wheel steering capability.

Central oscillation pivot for excellent maneuverability.

Loads into connected dump box, fastest load cycle time, save time, more efficient than traditional collecting methods.

Drive with steering wheel and grabber with dual joystick levers provide an efficient work station environment.

Productivity performance by transportation, clamping, loading, unloading and dumping at operator's room.

Dumper box is equipped with scissors lift, providing a 33 degree body tilt.

Features a long reach and a 360-degree continuous rotation.

SPECIFICATION

Rated Operating Capacity	1000kg
Operating Weight	1820kg
Engine	Kubota 21.6HP / 3200rpm
Travel Speed	18.0km/h (3rd Gear)
Drive	4WD*4WS
Steering	Power Steering
Transmission	4 Speed Synchromesh with 3 FW & 1RV
Drive	4WD
Frame	Central Oscillation Pivot
Grapple ROC	150kg
Dump height	2336mm (with lift)

BELUGA

Now Evacuation at peal soil forests becomes more popular.

Beluga can operate at full capacity, which is good for business!

All terrain crawler dumper, 1 ton capacity, fully hydraulic, rubber track with low ground pressure, ideal for work in swamps, sand, foresrest and another places where hard to get to.

All BAWOO designed, engineered and manufactured. The compact tractor only BAWOO could build.

Crawler allows you to move in a swampy well.

It offers good climbing ability at a slope.

360 degree rotation in place.

Structured stability with low center of gravity.

Efficiency of transportation by transportation, loading, unloading and dumping ability.

Beside carrying FFB, Beluga can be used to carry other implements such as fertilizer spreader and pesticide sparayer.

Complete hydraulic transmission technology makes the tractor more stable.

SPECIFICATION

Rated Operating Capacity (Beluga/Jaguar)	1000kg
Operating Weight (Beluga/Jaguar)	1950kg
Engine	35HP
Travel Speed	10km/hr
Drive	Crawler Type
Traction Pump	Piston Type
Traction Drive	Direct Connection to Drive Motor
Steering Type	Hydraulic Joystick
Traction Braking	Hydraulic
Dump height	1171mm

JAGUAR

Lift your productivity with a Jaguar

We have a passion for performance.

Innovation solution for a swampy area, peat soil condition.

All terrain crawler dumper, 1 ton capacity, rubber track with low ground pressure, hydraulic operated scissors lift dump box.

Soft, wet or perilously uneven ground can present quite a challenge to a tractor or pickup, especially when you need to move a heavyload. That's not a problem with a powerfully compact JAGUAR tractor. The durable rubber tracks give you the high-flotation, low ground pressure capability to productively operate in muddy, sloppy conditions, while minimized damage to environment sensitive areas. Our rugged JAGUAR can get into, around or under a lot of spaces that nothing else mechanized can. So you won't waste precious uptime -or money- with endless fillups

SPECIFICATION

Rated Operating Capacity (Beluga/Jaguar)	1000kg
Operating Weight (Beluga/Jaguar)	2180kg
Engine	35HP
Travel Speed	10km/hr
Drive	Crawler Type
Traction Pump	Piston Type
Traction Drive	Direct Connection to Drive Motor
Steering Type	Hydraulic Joystick
Traction Braking	Hydraulic
Dump height	2120mm (with lift)

TARUCA

COST EFFECTIVE MULTIPUPOSE TRACTOR

Taruca is for FFB evacuation in a soft and soggy area with giving traction during wet season.

Taruca can operate in all weather conditions. The overall construction of Taruca consists of chassis, driving unit, hydraulic tipping bin and mechanical control unit with gear box. It is powered 11HP water cooled disel engine that is coupled to 2-speed gearbox.

SPECIFICATION

Rated Operating Capacity	1000kg
Operating Weight	1560kg
Engine	11HP
Travel Speed	3.5km/h(L), 6.1km/h(H)
Drive	Crawler Type
Traction Pump	Transmission
Traction Drive	Direct Connection to engine
Steering Type	Mechanical control lever
Traction Braking	Wet brake
Dump height	1137mm
