PR-T SERIES

All-in-One Printing Scale

FEATURES

- Price computing and receipt printing function
- Clear LED Display 60mm/sec-fast printing speed
- Economically affordable price
- Clear LED Display

Be more convenient with this all-in-one printing scale combining price computing and receipt printing function!

PR-T combines price computing function which calculates price weighing a product and receipt printing function at once so that it boosts sale turnover ratio.

Be more accurate with the clear LED Display!

LED Display offers clear and accurate measure. Also, its RED LED-U type allows us to rivet our eyes to the screen even in a blight site.

60mm/sec-fast printing speed increasing customers' satisfaction!

PR-T saves customers' time with its high speed, and also saves time in store by helping the sale turnover to be faster.

Economically Affordable price

We lowered the price to let you manage your store efficiently and economically. This new advanced printing scale would satisfy both stores and customers at the same time.
