# CL-IM10A

Mini Converter is a communication G/W between SAMSUNG air conditioner and SNET Pro & SNET Pro 2 PC S/W to do maintenance and troubleshooting. It consists of communication module and USB cable. After quick install of Mini Converter, technician can review diagnostic information and graph data values to help troubleshoot any issue with ease. Real-time values are available for the outdoor and indoor units and can be graphed to evaluate operating trends in SNET Pro S/W.

# SNET Pro

SNET Pro, SNET Pro 2 service software is used to monitor and program SAMSUNG FJM, CAC & DVM systems. Although not mandatory, it is strongly recommended that SNET Pro, SNET Pro 2 service software is used during system setup and commissioning.
