

INDUSTRIAL DUST COLLECTOR with MANUAL FILTRATION

Powerful Dust Collector

CH-350

2 Motor

CH-500

3 Motor

- Manual Filter Cleaning System
- Wide Application
 - Concrete Grinding/Polishing/Scarifying
 - Construction Site, factory and warehouse

Specification	CH-350	CH-500
Voltage	220V 50/60Hz	220V 50/60Hz
Power	2400W(3.2HP)	3600W(4.7HP)
Air Pressure	2600mmAq	3000mmAq
Tank Capacity	50 Liter	75 Liter
Hose	ID 45Ø/50Ø	ID 45Ø/50Ø
Motor Type	Dry/Wet	Dry/Wet
Noise	75db	65db
Dimension (LxWxH)	70x58x105cm	75x67x110cm
Weight	52kg (net)	62kg (net)

Cyclone Separator

95~97% collected dust drops into the separator, it allows not only to collect large amount dust, but to last filter & motors.

C type (45L)
40x40x60+40cm

A type (70L)
55x55x60+50cm

B type (120L)
63x60x95+50cm
