

# MAIN TRANSFORMER BLOWERS

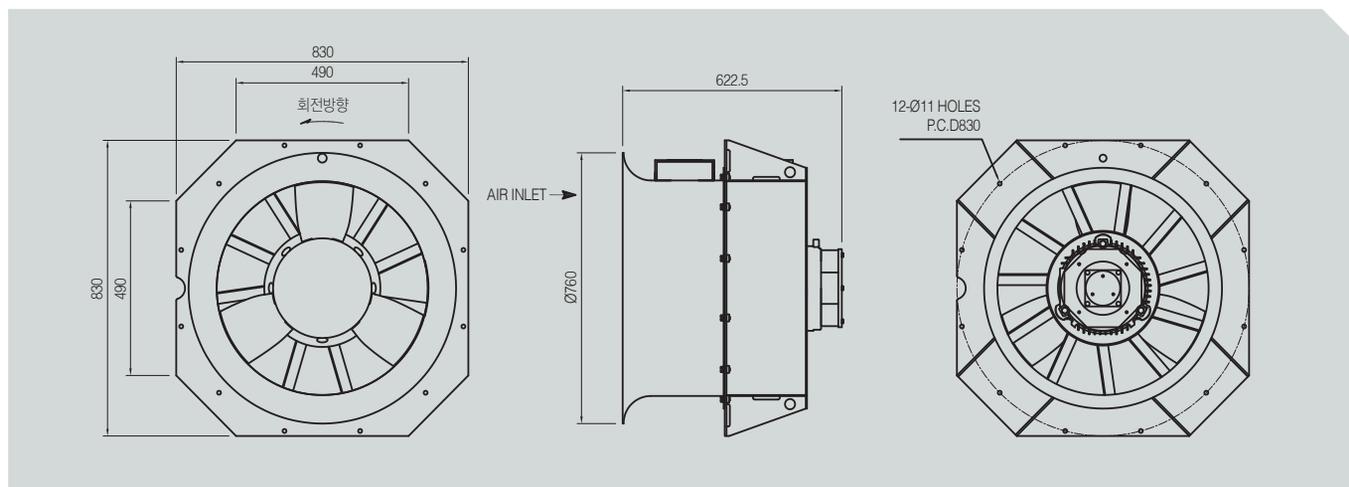

## Characteristics

- Excellence in performance as the benefits of axial fans maximized

| MODEL   | Motor power |    | Static Pressure |      | Air Volume          |
|---------|-------------|----|-----------------|------|---------------------|
|         | kw          | HP | Pa              | mmAq | m <sup>3</sup> /min |
| KJ-T-TF | 9           | 12 | 1686            | 172  | 432                 |
