

# MAGNETIC CONTACTS

■ Model No.: **PRO-M1**

## FEATURES

- Super miniature neodymium magnet
- Molded "Shock absorber" switch withstand push-pull load up to 6kgf
- Standard gap(+/-10%): 40mm
- Door, windows, sliders, casements application
- Adhesive mounting or versatile screw
- Also available in brown, white, black, gray

## SPECIFICATIONS

Specifications		
Model no.	PRO-M1	
Pull-in range	(+/- 10%) 40mm	
Contact type	A TYPE(SPST)	
Wiring	Terminal type	
Mounting	Adhesive (or screw)	
Contact resistance	under 0.3 Ω	
Contact rating	10 Watt	
Switching voltage	DC 30V	
Switching current	0.5 A	
Torque	10 Kg	
Size	Switch	50mm X 13.5mm X12mm
	Magnet	50mm X 10mm X 2mm
Materials	ABS	
Color	White, Gray, Black, Brown	
Weight	Switch: 8g Magnet :8g
