

# ACTUATOR For 3 Way Valve of Wall Hung Gas Boiler (STV-ACT-LM39-CL 75N)

## PRODUCT SPECIFICATION SHEET

### FEATURES

- . Higher torque than similar product
- . Smaller size than similar product
- . Selecting of response time
- . Reasonable price
- . High durability.

## APPLICATION

This product is suitable for the converting control of water flowing in all kinds of gas wall hung boilers

## SPECIFICATION

Model		STV-ACT-LM39-CL 75N
Torque		75N
Response time <depend on RPM>		Low -> High : 5.5sec
		High -> Low : 4.5sec
Max Stroke		7.5mm
Electrical of rating	Motor	Synchronous Motor, 3 RPM
	Watt	3W
	Voltage	24VAC, 110VAC, 220VAC , 50/60Hz
Ambient temperature		-25 ~ 70 °C
Insulation		More than 500 MΩ (between electric wire and body by DC 500V Megger)
Withstand voltage		1,500VAC/1min (between electric wire and body)
Electrical connection		RAST 2.5
Weight		138.5g

Color	White (Standard) / Black (Option)
